

Powerful coil cleaning with the **CondenserNeedle™** from SpeedClean™.

Powerful coil cleaning from the inside out. Blast dirt, debris and grime from condenser coils without damaging sensitive fins with the Condenser Needle® from SpeedClean. Designed to **clean from the inside of the coil**, CondenserNeedle comes with everything you need to get started. Attach to a

standard garden style water hose and deliver a powerful 90° stream of water and chemical cleaner - **up to 3 gallons per minute**. It also includes an adjustable chemical injection hose for use with SpeedyFoam, an acid free, foaming coil cleaning solution that works great. **Now that's smart.**

Clean from the inside, out

All-access
90° spray tip

Spray up to
3 gal/min

- Connects to a standard garden hose.
- Force dirt and debris back in the direction it entered - a proven technique for increasing coil cleaning and system efficiency.
- 90° spray wand and 3+ gallon per minute flow blasts dirt and grime, won't damage fins, and virtually eliminates electrical tripping issues.
- Fits easily through the top of most condenser units. No more hassling to remove the top of the unit.
- Includes heavy duty spray gun with garden hose connector, 3' spray wand and chemical injection tube.

CondenserNeedle™ from SpeedClean™

Additional cleaning solutions

CoilJet®:

For the most complete coil cleaning solution consider the CoilJet® from SpeedClean®. This all-in-one portable solution cleans condenser and evaporator coils in hard to reach places without the need for water hoses or electricity. The CoilJet® offers a powerful, battery powered coil cleaner that can be used virtually anywhere. PART NO: CJ-95

SpeedyFoam™ Concentrate:

Safer, more effective and works great. Designed for use with CoilJet® and CondenserNeedle™, SpeedyFoam™ acid-free ultra foaming coil cleaner delivers superior cleaning power without the harsh effects that acid based cleaners have. PART NO: SC-FCC-1

BucketVac™:

New from SpeedClean™ the BucketVac™ turns any standard 5 gallon bucket into a powerful, portable commercial grade wet/dry vacuum. Easily switch between wet and dry, or add extra capacity for a big job by snapping onto a new bucket. PART NO: BV-5
