

Work smarter with the **SC-VSC-7000** **Commercial Steam Cleaner** from SpeedClean®

The SC-VSC-7000 steam cleaner is your answer to cleaning dirty, greasy coils and other surfaces without harsh, damaging chemicals. It works excellent on air handlers, mini-splits, condensers, exhaust vents, oily commercial kitchen ducts and more. The power of steam combined with 65 psi pressure goes deep into coils, cracks, and crevices, lifting and removing stubborn dirt and soils. The small

and portable unit is lightweight and comes complete with a hose and full accessory kit to clean even the toughest to reach areas. Take it anywhere on the job site and let the incredible cleaning power of steam obliterate grease, and grime quickly and easily. It also kills bacteria, fungus, mold, mildew and other microorganisms on contact leaving coils and other surfaces clean and sparkling!

**Discover the real
power of steam.**
