

Work smarter with the **CoilJet® Flexible Wand with Light** from SpeedClean®

Seeing is believing! Designed for ductless units, air handlers, PTAC's and more. As an HVACR professional, cleaning coils in dark spaces is a common occurrence – and often a pain. And when cleaning coils, being able to see if dirt is gone, is essential to getting the job done right. The CoilJet flexible wand with included LED light is the answer to cleaning tight spots like you find in mini splits, air handler coils, PTAC units, refrigeration units and making sure the ductless blower wheels are clean. Using it is simple. Just connect the wand to the

CoilJet coil cleaning system, turn on the light, and clean the coil. The wand comes in a 12" flexible design, has a battery pack rating of IP65, all powered by 2 AA batteries (included). With its bright light, you can easily see the dirt being blasted away. Now there's no more guessing if you really got the coil clean because you get to see what's on – and in – the coils, and how clean it is after. Seeing is believing! Wand with Light is only available in 12" (8945-FLEX-12L)

NEW!

**More Light
More Accurate**

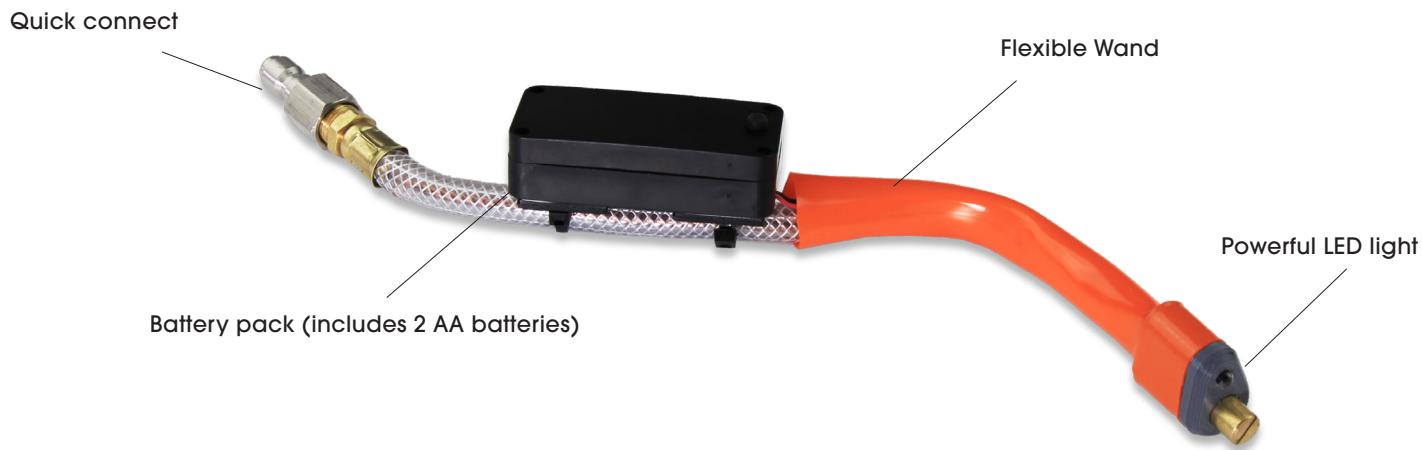

- Perfect for areas with low light
- Makes cleaning coils in dark, tight spaces easier
- Perfect for hard-to-reach coils
- Made from high grade copper materials
- Makes cleaning coils in dark, tight spaces easier

CoilJet® Flexible Wand with Light

from SpeedClean®

Features

Additional Cleaning Solutions

CoilJet®:

The CoilJet makes quick work of cleaning debris and grime from condenser and evaporator coils. Now deliver professional results in a convenient and rechargeable battery powered solution – no more garden hoses or pump sprays needed.

Part No: CJ-125

SpeedyFoam®:

Safer, more effective and works great. Designed for use with the CoilJet and the Condenser Needle, SpeedyFoam acid-free coil cleaner delivers superior cleaning power without the harsh effects that other caustic alkaline cleaners have.

Part No: SC-FCC-1

CoilJet® CJ-200E:

Portable and powerful for bigger jobs. The CoilJet-200E offers more pressure, continuous water supply and 110V convenience when compared to the fully portable and rechargeable CJ-125 model. It's perfect for rooftop units, evaporators, condenser coils, and refrigeration coils.

Part No: CJ-200E

Mini-Split Bib® Kit:

The fastest way to clean ductless mini-split coils, fans, and more. Safely clean virtually any mini-split system 30" (76.2 cm) to 44" (111.7 cm) the correct way—using pressurized water on coils and fans. This patented technology keeps water away from walls and other surroundings while directing it into the 5 gallon (18.9 L) bucket for disposal.

Part No: MSB-KIT

Specifications

Part Number:	8945-FLEX-12L
Dimensions:	12"
Weight:	8 oz.
Batteries:	Alkaline (100hr run time)
Battery Pack:	IP65
General Warranty:	1 Year
